## DG Derek's Discourse

Just when we thought the weather was about to settle into a reasonable spring a wet curve ball hit with vengeance. While life and limb escaped with little more than a good soaking, quite a few of our number had nail biting close calls but others have big clean-up issues. The grapevine tells me that telephones ran hot as Lions put club networks into action checking up on each other.

That is just what proud Lions do; Thank-you.

From the project/ social pages of the bulletins recently clubs are gearing up for busy combination activities that serve as both service and fund-raising outings. Targets for Christmas cake sales are a bit mind boggling and some BBQ sausage numbers are humbling.

The DG team have been inspired by the vibrancy, enthusiasm shown by clubs despite the uncertainty being experienced in many corners of the community. Is this because Lions have a strong sense of internal social cohesion or, as I believe, we fly our flag with proud confidence anchored by years of proven honest "service"; Brand Lions cannot be beat!

There is certainly a positive attitude in the District, and this is reflected in the number of activities, not necessarily reported on LCI, but certainly in bulletins; reflected over the past three months with 26 new members with more in the wings.

Take a big pat on the back and continue being **Proud Lions proudly shouting "WE SERVE"**

*DG Derek*

## Spot the Typos Competition

Those eagle eyed readers who correctly identify the deliberate typo (or any other unintended typos) each month & advise editor Beryl of typo, are all eligible for a chocolate fish **if they are present at the 2025 202J Convention.**

## Focus on SVDG & Membership Paul's Piece

Since taking over the role of 202J 2VDG I have had the pleasure during my visits of conducting a changeover ceremony and inducting a new member when I visited Palmerston and being present for a new member induction at my visit to Waiareka Valley. It was fantastic to see the reintroduction of key projects such as Kelly's Canter at Palmerston and the jointly run Waiareka Valley & Waianakarua Crop Competition. The effect of Covid meant that they were postponed but with hard work by club members they have got them back on track.

Membership growth is a key target for us as Lions and to quote our DG the most successful membership gain comes from a simple conversation that has included an invitation to join or at least come to see. With many of our clubs and the ageing demographic within them, there is valid comment regarding the need of younger

members. Remember the DG team is available to visit clubs and devise a plan. Suggest a club uses one of their regular projects as a membership drive, consider their local area and look for openings and issue personal invitations to specific people; consider clubs close to each other, or zones combine for growth purposes. This team has commenced regular Zoom meetings, and we are here to assist when needed. PDG Christine Stewart and DG Derek Wardell are being proactive in getting our group active and target driven.

Finally, bulletin editors please make sure that when sending your bulletins can you make sure that it comes to my email address [202j.2vdg@lionsclubs.org.nz](mailto:202j.2vdg@lionsclubs.org.nz) rather than the GMT email.

## LIONS CLUBS CANCER TRUST (LCCT) Lions National Mobile Skin Cancer Screening Service

The first of the planned two mobile screening buses is scheduled to be handed over from the coach builders at the Lions District 202E Convention in Hanmer Springs. This will be on Friday 28 March 2025. Plans for the purchase of the cab chassis and build and fitout of the second vehicle are progressing well. The Trust hopes many Lions will take the opportunity to view the first vehicle at the Convention and looks forward to continuing support from Clubs in operating and expanding this national project.

The Trust is grateful for donations and other assistance already received. It still seeks donations and grants for the build of the second vehicle and ongoing operational costs. It requests clubs and Lions to deposit donations directly into the Trust Bank account 03-0674-0280918-00; rather than the Give a Little Page which is intended for members of the public.

With the project transitioning from the development to operational phase the Trust now seeks further assistance from clubs in working with the Trust to recruit volunteers to conduct screenings (doctors and nurses) and provide ground support at clinic sites, identifying suitable events and venues for clinic visits and advertising those visits and the local Lions club(s).

## Instructions for Updating the Club Constitution and re-registering under the Incorporated Societies Act 2022, based on a letter from MD202 Legal Counsel, Alan Knowsley, March 2024.

Lions clubs charter as part of an international association. All clubs from around the world adhere to a standard form constitution. The only changes to the standard form constitution that clubs need to make are those required to meet legislation provisions of their particular country. In the past, for example, New Zealand required a winding up clause to be added.

The Incorporated Societies Act 2022 has brought in several new requirements for all incorporated societies, including Lions Clubs.

Lions MD202 Legal Counsel prepared the Draft Lions Club Constitution (as circulated) that ensures that Club constitutions satisfy both Lions Clubs International requirements and those of the Incorporated Societies Act 2022.

This draft Lions Club constitution was submitted to the Registrar of Incorporated Societies and it has been approved. The good news is that the first Club to use it has been re-registered under the 2022 Act.

The template is now available to assist all other Lions Clubs to meet the re-registration obligation. **There is no charge for re-registration.**

**Clubs that are NOT incorporated at present can register online** by going to the New Zealand Companies Office website and following the instructions on the section headed Incorporated Societies. **To incorporate a new society you need to:**

- ◆ complete an online application,
- ◆ upload your constitution, and
- ◆ pay the application fee \$88.89 (plus GST).

### Multiple District 202 Mission Statement

To empower Lions Clubs in New Zealand and the Islands of the South Pacific, volunteers, and partners to improve health and wellbeing, strengthen communities and support those in need through humanitarian service and grants that impact lives globally and encourage peace and international understanding.

## Updating the Club Constitution and re-registering under the Incorporated Societies Act 2022

### THE FOLLOWING IS AN OUTLINE TO ASSIST CLUBS OF DISTRICT 202J TO COMPLETE THE PROCESS

(Remember: If changes other than name are proposed check with District Legal Chair before putting to Club for adoption)

**Insert your club name in the Constitution** in the two places highlighted.

**Put the new constitution to your club Board** for consideration.

Once approved by the Board, **send a copy to each of your club members giving 14 days' notice of a meeting to vote on adopting the new constitution.**

**At the meeting put the following resolution to the members:**

**“THAT The members of the Lions Club of xxx Incorporated (insert your club name) adopt the new constitution as annexed.”**

**Once approved by the members, the Club should then be re-registered** on the Incorporated Society website.

**Note that this is re-registration under the 2022 Act, not registering a new constitution under the 1908 Act, which is a different process and not to be done in this situation.**

**There is no fee to re-register.**

**Acceptance and a new Certificate of Incorporation should be received within a few days.**

**This process must be completed by April 2026** or else the Club will be deregistered by the Registrar.

**If your Club is NOT registered as an Incorporated Society** at present, then the process of registering differs from that of re-registering but it is not onerous and can be done online. Go to the Incorporated Societies section of the New Zealand Companies Office website for details.

## World Diabetes Day

November 14<sup>th</sup> heralds World Diabetes Day. Diabetes is recognised as a global epidemic with an estimated 537 million adults between the ages of 20 to 79 years living with the disease. It is estimated a further 240 million cases are undiagnosed. It's predicted by 2045 that numbers will reach 783 million.

Diabetes does not discriminate age as it is estimated 1.2 million of the world's youth suffer from Type 1 diabetes, half of which are under 15 years of age. The most startling statistic is that diabetes claims 6.7 million lives each year.

LCIF is dedicated to empowering Lions and Leos around the world to fight diabetes by promoting awareness and running diabetes service projects. Numerous clubs are involved with diabetes service programmes, screening for Type 2 Diabetes and helping local communities understand the risks of diabetes, and the steps to take towards prevention of the disease. Diabetes Support Groups have been established in some areas to enable those affected to learn more about their disease and how to manage it.

Locally, various clubs stage the annual "Strides for Diabetes" awareness walk.

Through our Foundation, grants are available to support Diabetes service throughout the world which includes running Diabetes Camps to enhance the quality of life for young people living with diabetes, by teaching diabetes management skills.

This year during July and August alone, LCIF awarded Diabetes related grants totalling US\$178,831 which included the purchase of a generator for a camp in Canada. \$US31,995 was awarded to Taiwan for a Diabetes screening education and awareness programme. Similar programmes were set up in Nepal and Japan, whilst in India in the Kerala State, a Diabetes grant of US\$93,815 enabled the expansion of a Diabetes Detection and Management programme.

All this has been possible by Lions clubs such as yours, donating to our International Foundation (LCIF). Please consider making your donation this year to "LCIF's Empowering Service" to enable our Diabetes programmes to grow.

## Health and Safety for Lions NZ is changing!

**From 1<sup>st</sup> October 2024 these are progressively being replaced**

*This important area has been significantly strengthened with a set of tools which will be reviewed regularly to ensure we are taking all reasonable action to keep members safe*

*Safer Together, is our new supported system which has been developed for Lions over the last two years; to get the full benefit of the tools and how they work together your Club will need to simply opt-in to establish a consultation pathway for the ongoing development.*

*The safety of our members is an act of service; action is required to engage with our new system.*
