## DG Derek's Discourse

Still this winter/spring cycle continues. New growth around the home and on the farm. Lawns, flowers, vegetables, lambs, calves, and LIONS.

Clubs are inducting new members, unfortunately our drops exceed those increases. I am aware clubs understand the importance of new members, I understand also some may be at a loss as to how to the where to now. One of the best membership programmes is ASK1. Perhaps the ASK part could be a club cry to the District team; come and help us make a plan. Ring/email myself, zone chair, Judy, 2VDG Paul or VDG Mike.

The rebuild of the Mosgiel club is progressing well with invitations to attend a meeting ready to go out. From my recent visits to Timaru Host (4 new members), and Strath Taieri (1) I took heart that both clubs are highly community orientated and gearing up for busy spring activities. Rumours from Dunedin that South have more in the wings.

Firewood and garden products feature big in bulletins along with a few BBQs, and plans for spring activities appear as well. We may be 4 months out from Christmas but the cake selling season is upon us and the national sales team is looking for clubs to participate. This project is a good earner for very little hard work.

Another "little" work service project, that on a national scale, raises funds for clubs to apply to for youth projects (Spirit of Adventure, youth camps) is Heads Up 4 Kids old money. Strategically placed collection tins, (banks, supermarkets, schools,) for the public donations of coins/notes of any denomination, from any country. Clubs sort only, send to Wellington, free, via Aramex couriers, job done.

I had visits to Hinds & Districts & Ashburton Pakeke in August with Dunedin Host and Rakaia coming up early September. Thank you to all the clubs who have sent me bulletins, keep them coming; it is the only way to get a feel for how our fantastic membership impacts communities.

Like International President Fabricio's slogan says, "Make Your Mark" being a Lion is making your mark, every project, every interaction with the public is *making your mark*.

Making your mark shows clubs are Proud Lions  
Proudly Shouting "WE SERVE"

## LIONS CLUBS CANCER TRUST (LCCT) Lions National Mobile Skin Cancer Screening Service

The first vehicle is in production and the second chassis is currently available in Christchurch, but we are awaiting sufficient funds to purchase. We have also started negotiations to secure a build slot in the production line for the second vehicle. On the passengers side it is envisaged to have a roll out awning with enclosed sides as a admin and waiting area. On that side of the vehicle there will be two entrances to each of the inspection rooms, between those doors will be a 50inch TV to show educational videos on, and sponsors messages.

We are now rapidly fundraising for the second vehicle. There is an available Iveco Chassis available in Christchurch should we have sufficient funds to purchase it.

We need clubs to continue to keep supporting our own National Lions Cancer Trust. Donations can be made to LCCT Westpac account **03- 0674-0280918-00**

**as at 15 August 2024**  
Rear and side of the vehicle now in place

### Lions Clubs International Mission Statement

To empower volunteers to serve their communities, meet humanitarian needs, encourage peace and promote international understanding through Lions clubs.

## Fairlie Lions' Mackenzie Half Marathon

Fairlie Lions' Mackenzie Half Marathon held on Saturday 20 July 2024, was a resounding success with over 800 registered participants and the event featuring on TV1 News on Sunday 21 July. Bagpipes playing, Mayor Anne Munro on the hooter, chilly and foggy conditions, toasted marshmallows at the river crossing, a tot of whisky at the top of the Bridle Track, majestic mountain views, all added to the excitement, challenge and atmosphere of the Fairlie Lion's Mackenzie Half Marathon.

*Competitors nearing the top of Spur Road, above the fog.*

And, not to be forgotten, the traditional fruitcake and shortbread at the water stations. With several levels of racing challenges from the Half Marathon walk and run to the much shorter family fun run and walk in the afternoon, there was opportunity for all levels of skill, fitness and participation.

Fairlie Lions' is proud to serve in the community and in turn appreciates the immense support of the community in running this event. A massive thank you to MackenzieNZ for significant financial support and huge gratitude to the individual and corporate sponsors, numbering around 50 in all, including the Fairlie Resource Centre and Menz Shed. A big thank you to all involved, and the Shaw Family for the inspiration and ongoing passion for the project.

## Fairlie Lions' Mackenzie Half Marathon

Fairlie Lions, numbering 49, partners, family and friends, through countless volunteer hours and many service projects, of which the Mackenzie Half Marathon is one, made disbursements of \$47,975 to the community in the last year.

# Instructions for Updating the Club Constitution and re-registering under the Incorporated Societies Act 2022, based on a letter from MD202 Legal Counsel, Alan Knowsley, March 2024.

Lions clubs charter as part of an international association. All clubs from around the world adhere to a standard form constitution. The only changes to the standard form constitution that clubs need to make are those required to meet legislation provisions of their particular country. In the past, for example, New Zealand required a winding up clause to be added.

The Incorporated Societies Act 2022 has brought in several new requirements for all incorporated societies, including Lions Clubs.

Lions MD202 Legal Counsel prepared the Draft Lions Club Constitution (as circulated) that ensures that Club constitutions satisfy both Lions Clubs International requirements and those of the Incorporated Societies Act 2022..

This draft Lions Club constitution was submitted to the Registrar of Incorporated Societies and it has been approved. The good news is that the first Club to use it has been re-registered under the 2022 Act.

The template is now available to assist all other Lions Clubs to meet the re-registration obligation. **There is no charge for re-registration.**

**Clubs that are NOT incorporated at present can register online** by going to the New Zealand Companies Office website and following the instructions on the section headed Incorporated Societies. **To incorporate a new society you need to:**

- ◆ complete an online application,
- ◆ upload your constitution, and
- ◆ pay the application fee \$88.89 (plus GST).

## Updating the Club Constitution and re-registering under the Incorporated Societies Act 2022

### THE FOLLOWING IS AN OUTLINE TO ASSIST CLUBS OF DISTRICT 202J TO COMPLETE THE PROCESS

(Remember: If changes other than name are proposed check with District Legal Chair before putting to Club for adoption)

**Insert your club name in the Constitution** in the two places highlighted.

**Put the new constitution to your club Board** for consideration.

Once approved by the Board, **send a copy to each of your club members giving 14 days' notice of a meeting to vote on adopting the new constitution.**

**At the meeting put the following resolution to the members:**

**“THAT The members of the Lions Club of xxx Incorporated (insert your club name) adopt the new constitution as annexed.”**

**Once approved by the members, the Club should then be re-registered** on the Incorporated Society website.

**Note that this is re-registration under the 2022 Act, not registering a new constitution under the 1908 Act, which is a different process and not to be done in this situation.**

**There is no fee to re-register.**

**Acceptance and a new Certificate of Incorporation should be received within a few days.**

**This process must be completed by April 2026** or else the Club will be deregistered by the Registrar.

**If your Club is NOT registered as an Incorporated Society** at present then the process of registering differs from that of re-registering but it is not onerous and can be done online. Go to the Incorporated Societies section of the New Zealand Companies Office website for details.

## **The Official Lions Logo - since 2008**

The official Lions logo (at left) can be downloaded from the LCI website at:  
<https://www.lionsclubs.org/en/resources-for-members/resource-center/logos-and-emblems>

If you just Google "Lions logo" or similar wording without going to LCI's website you'll find all sorts of incorrect unofficial or obsolete versions (see below) - please don't use these.

Club bulletins & publicity using obsolete Lions logos such as those below are marked down when judging for the Clarkson Trophy.

It is now 16 years since the current logo was introduced - it has a modern appearance & is our Lions branding.

What appeal would old-fashioned branding have for the younger members we are trying to attract?

## Childhood Cancer

September is Childhood Cancer Awareness month in New Zealand. Lions and Leos, with the support of LCIF help provide for the needs of children and families affected by Childhood Cancer through impactful service.

The World Health Organization advises that globally 400,000 children are diagnosed with cancer annually of which nine out of every ten of those children live in low or middle-income countries. Sadly only 30% of these children survive compared with 80% in high income countries.

Did you know there are several types of LCIF grants available to support childhood cancer services throughout the world? Childhood cancer grants empower Lions to improve the quality of life for children receiving treatment and their parents.

LCIF matching grants can be utilized to provide equipment and in some cases towards construction, for large scale projects that may be needed to address unmet humanitarian needs such as treatment facilities. The District and Club community impact grant programme which could also be possibly used to fund local childhood cancer projects at a Club and or a District level.

Between July 2023 and May 2024 LCIF awarded 19 childhood cancer related grants totalling \$US1.85 million. Such projects included in Nigeria, upgrading the children's cancer ward in the Calabar Hospital. In Tunisia, through an LCIF grant the air filtration system was upgraded in the children's oncology ward, while in Turkey

equipment was purchased for the Paediatric ward in the Istanbul Hospital. In Brazil a matching US\$100,000 grant enabled the expansion of a Paediatric diagnostic centre at their local hospital. A US\$1 million grant was made to our Global HOPE partnership (fighting childhood cancer in Africa). The aim of this project is to ensure patients, and their families are adequately supported and address the most common barrier in obtaining the necessary treatments. Lions are also raising awareness of the impact of childhood cancer and educating local communities and creating positive changes.

To enable our work, which is to improve outcomes for children with cancer throughout the world, please consider donating to LCIF's "Empowering Service" fund to enable the Foundation to extend its support to the innocent younger people in our world, who are fighting this deadly disease.

***Childhood cancer is a battle no child should ever have to fight alone.***

***With Lions support, we can offer them some hope of a brighter tomorrow.***
