District Governor's Message

I was born in Hawera the youngest of five children, and spent my childhood growing up in Hawera . Sport has always been an important part of my life and throughout my teenage years I played various sports at both provincial and national levels.

On leaving school I moved to New Plymouth and joined the Architectural firm of Laurenson, Robinson, and Boon as an architectural draughtsman. I joined Walker Love Architects in Palmerston north and later Gillman Partners, and began studying for my full Architectural qualification. After three years of city life we decided to move out into the country and in 1978 bought a small lifestyle holding.

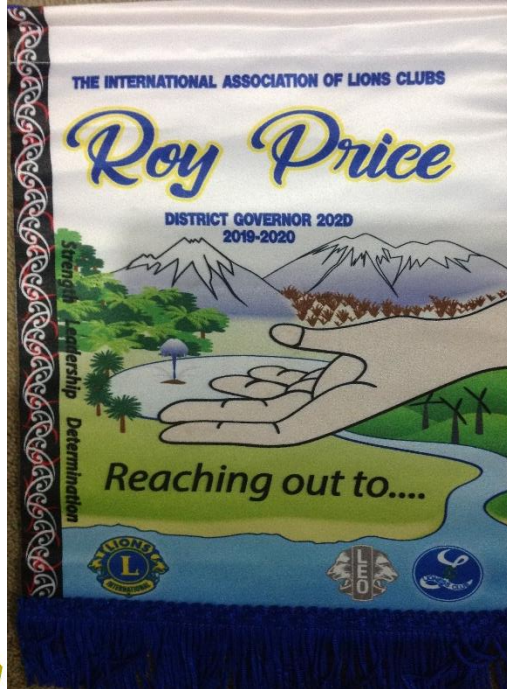

However, by 1987 I had my Architectural registration and then decided to form my own company. Hence Proarch Architects was started. These were busy years; growing my Architectural Company, being on the school committee, coaching Junior rugby, and fulfilling a number of responsibilities I had within our church.

Then in 2006 I joined Middle District Lions and a new phase of my life began. Initially it was the fellowship and camaraderie, along with the opportunities to roll up my sleeves and help others that attracted me to Lions. However, as time went by and I fulfilled various roles within the club, including Club President, I began to experience Lions on the National level. It was then that I began to realise the opportunities and challenge Lions offered to really be able to serve others, have a positive influence on communities, and fill requirements where they are needed.

Then in June 2017 I became 2nd Vice District Governor.

My path to District Governor has at times had its moments; however, it's also been hugely challenging, interesting and rewarding. And so I look forward to my appointment as District Governor in July, the new challenges that will bring, and the chance it will offer to further serve my District and the individual members within, it using my theme 'Reaching out to.....'

INTERNATIONAL PRESIDENT • 2019–2020

Our International President's Message

Dr. Jung-Yul Choi

As a Lion for more than 40 years, International President Dr. Jung-Yul Choi leads by example. His career and life have been defined by a passionate work ethic, along with a dedication to bridging differences, connecting people and embracing diversity to create harmony for all.

Greater Good, Through Diversity

Lions don't just serve the world. We represent it. During President Choi's year, we'll unite clubs and communities around the world because greater good can only be achieved when we join together as one.

The Many Ways We Serve

President Choi's programs and initiatives will focus on four key elements of Lions International that are essential to our mission of service.

1. Strengthening membership through diversity
2. Expanding service impact globally
3. Supporting our global foundation, LCIF
4. Empowering every Lion as a leader

What's Lions

Loneliness in New Zealand

A person of any age, gender or ethnicity can experience loneliness. Loneliness and its painful disconnection, affects how well people interact, how well they study, how well they work. Loneliness can be a symptom of mental health issues such as depression, and suicide; and social isolation and withdrawal can be an early warning sign of deteriorating mental health.

In fact there is considerable international research evidence of the physiological, psychological, social and economic costs of loneliness and social isolation.

In New Zealand there are many vulnerable groups. These groups typically appear quite disperse in their underlying needs. However, a common theme in many of our most vulnerable groups is their loneliness. An analysis of the General Social Survey 2016 shows that our most lonely groups are the disabled, recent migrants, low income households, unemployed, one parent with children, rural, elderly, not in the labour force, young, no qualification, not owner occupied house, not in a family nucleus, and Māori.

We have coming up on Saturday, 29th June a BBQ at Mitre 10 otherwise we are just putting in our efforts continuing to sell

the colouring in books together with all Club members.

The Club's New Year begins now so any ideas or any members who would like to join the team are more than welcome.

Sylvia Speller mentioned to Annette Hickmott that Andrew (Sylvia's husband) had cerebral palsy and couldn't get the wheel chair into the kitchen because of the position of the fridge. The hot water cylinder had failed and was replaced with an infinity

system which was costly.

The Projects Committee from Middle Districts

Lions agreed it was a worthy cause so master builder John Baines and hammer hand Norm Hickmott relocated the fridge into the hot water cupboard. Photo of the old cupboard (left) and the relocated fridge, now out of Andrew's way (right).

Recently several members of our club accepted an invitation from our neighbouring Urenui Lions club to visit and learn about their ongoing "Sailability" programme that they provide for the community. A large contingent of our members went to the river mouth of the Waitara river to be greeted by David Allerton who told us all about the programme. Sailability is run for mixed ages from Taranaki to

encourage them into sailing in small boats. There are over 400 participants who partake in this programme. Older people with varying disability's run the programme. Our members were encouraged to go for a sail and as the sun was out with a gentle zephyr breeze the conditions were perfect so we set sail. Despite a

history of bung knees, hips and backs between us most managed to somehow manoeuvre themselves into a boat and enjoyed a 20 min sail down the river. On our return we were served scones and coffee by our hosts. Some sailors had become becalmed so were later returning. We were told the organisation is currently well stocked with boats and sails but need money for administration costs. We thanked Urenui for hosting an interesting and informative morning. As a consequence our Pakeke club are making a generous donation to the Sailability programme as we recognise what a fantastic job they are doing for the disabled in our community.

Changeover night on Friday 21st was a great night for the Club.

Only two members were unable to be there, Gloria being one of them.

Unfortunately a family bereavement meant she could not join us, after all the thought and preparation she had put into the night. She was greatly missed.

The theme of country and western was Eileen's inspiration and made for a relaxed and fun evening, with lots of chatting and laughter.

We were treated to an excellent country meal by "Tasty Spit Roast" caterers and a demonstration of line dancing from the PN Central Line Dancing Group.

The high point of the evening was the presentation to Janet of the Melvin Jones Fellow Award by PDG Phil Theobald, for her outstanding service to Lions over the past 32 years. Janet was given a standing ovation from members and friends, a very popular recipient of this prestigious award.

Joke of the month----Marton

A lady about 8 months pregnant got on a bus. She noticed the man opposite her was smiling at her. She immediately moved to another seat. This time the smile turned into a grin, so she moved again. The man seemed more amused. When on the fourth move, the man burst out laughing, she complained to the driver and he had the man arrested.

The case came up in court. The judge asked the man (about 20 years old) what he had to say for himself..

The man replied, 'Well your honour it was like this:

When the lady got on the bus, I couldn't help but notice her condition, she sat down under a sign that said 'The double Mint Twins are coming' and I grinned. Then she moved and sat under a sign that said 'Logan's Liniment will reduce the swelling and I had a smile. Then she placed herself under a deodorant sign that said, 'William's Big Stick Did the Trick' and I could hardly contain myself. But, Your Honora, when she moved the fourth time and sat under a sign that said, 'Goodyear Rubber could have prevented this Accident!.

I just lost it.' CASED DISMISSED

Tom Dick and Harry, all book into the tallest hotel in the world. The receptionist tells them,

'I'm afraid there's only one room left for you to share. It's on the 90th floor and the lift is broken.' To pass the time on their trek up the stairs, the three men decide to tell each other the saddest story they can think of. The winner will be the one who they all agree has told the saddest story of all.

On the 30th floor Tom tells his story and they all agree it is quite sad.

On the 60th floor Dick tells his story and they all agree that this is even sadder.

And then when they reach the 90th floor Harry says, 'Well, I think you're all going to agree that my story is the saddest story of them all. "Why? What is it?' ask the others.

'I left the key to the room at the reception.' says Harry.

There were four final year senior students taking chemistry and all of them had an 'A' so far. These four friends were so confident that the weekend before finals, they decided to visit some friends and have a big party. They had a great time but, after all the hearty partying, they slept all day Sunday and didn't make it back to Florida State until early Monday morning.

Rather than taking the final then, they decided that after the final they would explain to their professor why they missed it. They said that they visited friends but on the way back they had a flat tyre. As a result, they missed the final. The professor agreed they could make up the final the next day.

The guys were excited and relieved. They studied that night for the exam. The next day the professor placed them in separate rooms and gave them a test booklet. They quickly answered the first problem worth 5 points. Cool, they thought! Each one, in a separate room, thought this was going to be easy ... then they turned the page. On the second page was written...

For 95 points: Which tyre? _____
